

# The Gate FAQ FOR ALUMNI

Formerly 2 separate documents for "Registration Instructions" & "Posting Information & Tips".

[www.citadel.edu/career\\_services/info-alumni.htm](http://www.citadel.edu/career_services/info-alumni.htm)

9 May 2008

New to **The Gate**?  
Need to create a user Account?  
Searching for Tips on using it to advantage?  
Want to review a list of Employers using **The Gate**?

Review this FAQ for help.

Already registered to use **The Gate**?

Return to an Existing Account with **The Gate** at  
[www.collegecentral.com/citadel/Alum.cfm](http://www.collegecentral.com/citadel/Alum.cfm).

Click **Alumni Central** and enter **The Citadel**, your  
unique ID and Password.

## GETTING STARTED:

### Q: How do I create my Account for **The Gate**?

A:

1. Click the Alumni icon for **The Gate** at [www.citadel.edu/career\\_services/TheGate.htm](http://www.citadel.edu/career_services/TheGate.htm).
2. Click **Register Now**.
3. Enter "The Citadel", a unique ID, a Password you will remember, and Confirm your Password.
4. Click "Continue Registration".

### Q: What is **The Gate**?

A: **The Gate** is an online job posting and resume database system available to all current Citadel students (Cadets & CGC) and alumni through which they may connect to Employers and Mentors (made up of Alumni and Friends of The Citadel).

Use the system to search for:

1. Full-time Positions and Seasonal/Part-time Jobs
2. Serve as a \*Mentor to current students and alumni
3. Search for a \*Mentor for yourself

\*Refer to the separate instructions (including the password needed) for using the Mentoring Network associated with **The Gate**. [www.citadel.edu/career\\_services/CCN/MentorNetwork.pdf](http://www.citadel.edu/career_services/CCN/MentorNetwork.pdf)

**Please Note:** The Citadel Career Center makes every effort to allow only legitimate employers to post legitimate job openings on **The Gate**. However, we cannot do a complete check into the organization's background or take responsibility for the actions of employees of individual companies who list jobs with us. It is up to alumni to use reasonable caution when entering personal information on resumes. Additionally, it is also up to the job seeker to verify the accuracy of employment opportunities. The Career Center does not endorse any particular employer. We share job information with alumni of The Citadel from interested employers. In the unlikely event that a problem is encountered with a company listed through our office, please notify The Citadel Career Center promptly.

### Q: I am both an Alumnus and a current Citadel Student. Which section of **The Gate** should I use for my search?

A: You are in a unique position to be both an Alumnus and a current Student. Employers select whether their postings are to be viewed by current Students, by Alumni, or both. Thus, you may wish to create both an Alumni account and a Student account in **The Gate**. On the Alumni side you will see jobs posted for a more immediate hire, whereas on the Student side the start dates will coincide more with graduation (both in the Fall and Spring). Also on the Student side you may find postings for more temporary positions should you be seeking such employment while you pursue your current degree.

### Q: How much information do I really need to provide on the Registration Form for **The Gate**?

A: Complete as indicated so that employers are able to search for you in the database. The more information you provide about where you want to work (location), the kinds of jobs that interest you, and the degree(s) you

obtained/are obtaining, the more opportunities you create for employers to connect with you.

1. **Enter all demographic information.** While Fields with an (\*) asterisk are required (Name, Current Address, Phone, Email, Degree, Major) by the system, The Citadel Career Center requires that you also complete the Graduation Date section so that you may use the job board to its fullest advantage. (Demographic information and GPA are not searchable by employers).
  - a. The graduation date options are designed to meet the needs of all colleges using the CCN system. For The Citadel, **select Fall, Spring or Summer as appropriate.** Winter is not for December graduates; it is for the January-March timeframe for colleges on quarter vs. semester systems. (If you select Winter 2006 because you graduated in December 2006, the system will actually read it as a graduation date between January and March 2006; instead select Fall 2006).
2. After you have completed the registration, click "**Submit Information**" to create **your Home Page** from which you will conduct all further business with **The Gate**.

## GENERAL INFORMATION ABOUT THE GATE:

### Q: What does *The Gate* offer regarding assistance for my position search?

**A:** *The Gate* can assist you with your search for full-time employment, as well as seasonal and part-time positions.

To return to an existing account or to create your account, go to [www.citadel.edu/career\\_services/TheGate.htm](http://www.citadel.edu/career_services/TheGate.htm) and click *The Gate* icon for Alumni. Be sure to also recognize the need to use other resources for your search. Visit the Information for Alumni page of the website (link above) for additional resources.

### Q: What are my next steps after I register to use *The Gate*?

**A:** Once you are registered to use *The Gate*, return to your account and you will see the following. Conduct all business with *The Gate* through this initial page.

## Welcome, {Your Name Appears Here}!

Click on one of the links below to access your desired function:

### Registration and Résumé:

- **Update My Registration Information**  
(Keep this information current to remain current in the database).
- **Manage My Résumé OR Upload My Resume** (if you have not already done so)

### Job Searching:

- **Search for Jobs Posted to My School**
- **Search for Jobs in CCN's Jobs Central**  
(Use this to see jobs posted by employers that are made available to all college career centers using their system).
- **Forward My Résumé**
- **View My Job Search History**
- **Report Offers/Hires**

### Other Services:

- **Search for Mentors**

**Q: How often should I visit *The Gate*?**

**A:** Refer to your Account within *The Gate* regularly to **update** your registration information as needed AND to **view** your resume or **upload** a new resume. Also search for / stay in contact with Mentors from The Citadel Mentoring Network as appropriate to your needs. ([www.citadel.edu/career\\_services/CCN/MentorNetwork.pdf](http://www.citadel.edu/career_services/CCN/MentorNetwork.pdf))

**Q: Will my use of email spam filters affect my use of *The Gate*?**

**A:** If you use filters on your email account please note that this may prevent you from receiving messages sent by the Career Center via *The Gate*. We use [CareerCenter@Citadel.edu](mailto:CareerCenter@Citadel.edu) as the address, so please be sure the messages can be received. Additionally, should your filters require the recipient to complete a survey to allow the message to be received by you, please know that employers will not take such extra steps to reach you. While spam messages are aggravating, you may want to remove filters that may prevent contact with potential employers during your search or implement other measures (such as creating a separate email account for your job search) to ensure receipt of these important messages.

**Q: What do I do with my account on *The Gate* after my search has ended?**

**A:** When you have ended your search, there are a couple steps to take to ensure that your account is no longer active and that employers within *The Gate* are not misled as to your candidate status. First, if you uploaded a resume, please return to your account with *The Gate* and change the resume authorization to the option that “does not authorize” your resume to be referred to employers by the Career Center or searched by employers in the system. This will prevent employers from viewing you as a potential candidate. Resumes are only stored for 18 months from the upload date, but if you prefer to have it removed prior to then, please email us at [CareerCenter.Alumni@Citadel.edu](mailto:CareerCenter.Alumni@Citadel.edu). (You do not have access to remove an uploaded resume).

Second, you may still access your account to view postings for your own information. (And when ready to resume an active search, update your account to make it active again). However, if you no longer wish to receive mass email messages from the Career Center while your account is inactive, please email us at [CareerCenter.Alumni@Citadel.edu](mailto:CareerCenter.Alumni@Citadel.edu). We will set up your account so that you do not receive mass email messages from our office.

## **UPLOADING YOUR RESUME TO THE GATE:**

**Q: How many resumes may I upload to *The Gate*?**

**A:** Candidates may **upload only 1 resume** through *The Gate*. Thus, objectives may be broad to maximize the use of the system. For example: To obtain a position in marketing, sales, or management. Avoid using a very specific objective that includes an actual company's name. More than just that company will be able to view it.

**Q: When and how should I upload my Resume to *The Gate*?**

**A:** From your Home Page, click Upload a Resume when you are ready to engage in an active search. You should have a current resume completed on your computer (or other media format) at this time to upload. Browse the file, select it, then click **Upload your resume**.

It will then be suggested that you view your resume now. Do so to confirm that you selected the correct version of your resume for uploading. **Remember:** This is the version employers will see when you apply for positions on your own or when they elect to view your resume (if you authorized access).

Resumes uploaded to *The Gate* are quickly viewed by the Career Center to confirm your alumni status; we do not review them for content or layout. Should you need assistance with your resume, please refer to the **Resume Web Page** at [www.citadel.edu/career\\_services/ResumeSamples.htm](http://www.citadel.edu/career_services/ResumeSamples.htm) for Information & Construction Tips, Samples, and Common Errors to Avoid.

**Q: What is “Resume Authorization” on *The Gate*?**

**A:** Once you have **Uploaded your Resume**, you will be taken to the **Resume Manager** page where you need to determine the accessibility of your Resume to prospective employers.

There are several **Resume Authorization options** listed. For those that indicate that you may authorize your

resume to be referred to prospective employers by your school's Career Center, please note that **The Citadel Career Center does not refer resumes to employers. As only you can determine your interest in a particular position, you are responsible for reviewing the posted positions and applying to all those of interest** (rather than our office forwarding resumes of candidates who may have no interest in the position).

If you authorize employers to search your resume in the database, you should still actively search and apply to the job postings of interest to you. Do not upload your resume and wait for your resume to be searched by employers. **Job searching is an active, not a passive, process.** Please keep in mind that you may be contacted by employers who have not posted to *The Gate*, but are searching the resume database. Other employers will only post positions and review the resumes candidates actively submit.

Those who are currently employed may want to be aware of the exposure to employers this will provide. If you are concerned about specific employers being able to view your online resume, you should not elect for employers to be able to search it on this or any system.

**Q: What other tips/suggestions does the Career Center offer regarding my resume and *The Gate*?**

**A: Keep copies** of your current and prior versions of your resume on your hard drive, an external source, and hard copy. You never know when you might need to reference a former version or when your computer may crash, leaving you to start from scratch! **Please Note:** Resumes will only be stored for 18 months from the upload date. Be certain to keep your uploaded resume current and keep a copy (electronic and hard copy) for your records.

**References.** For security measures, do not include your references on your resume. Create a separate Reference Page and provide it to employers as they request them. This also allows you to know when references are being contacted. [www.citadel.edu/career\\_services/Resume%20Samples/ReferencePageInfo.pdf](http://www.citadel.edu/career_services/Resume%20Samples/ReferencePageInfo.pdf)

**SEARCHING JOB POSTINGS ON *THE GATE*:**

**Q: How may I connect with employers on *The Gate*?**

**A:** Employers seeking Citadel candidates are directed to ***The Gate*** to connect with you. Likewise, alumni should create an account on *The Gate* to connect with employers.

1. **They may post positions.**

And/Or

2. **They may view resumes of alumni who gave employers authorization to do so.**

Thus, if you are actively searching for employment, you need to take advantage of both methods to connect with employers: apply to postings of interest **AND** have a well-written resume uploaded to ***The Gate*** for potential employers to view.

**Q: How do I view the job postings on *The Gate*?**

**A:** Through your account page with *The Gate*. See what to look for below.

**Welcome, {Your Name Appears Here}!**

Click on one of the links below to access your desired function:

**Job Searching:**

- [Search for Jobs Posted to My School](#)
- [Search for Jobs in CCN's Jobs Central](#)

**Note:** While most of the positions posted to the "My School" section will be for the southeast region of the United States, there are also postings for other regions of the country and outside the U.S. Search CCN's Jobs Central to target specific locations for more opportunities. CCN is the company that powers *The Gate*. Employers may post through this central system and reach the students of all college career centers who are clients.

**Q: How do I apply to job postings on *The Gate*?**

**A: Review all the information provided** by an employer regarding the job posting, **including** links to additional information found on their website, before applying. Then **follow all listed directions for your application**, including completing an online application and sending cover letters.

**If a company lists its openings on their website**, they may elect to submit **one posting that directs interested candidates to their website** for current vacancies vs. posting each individual position. Read each posting carefully to determine if it is for a specific vacancy or to direct you to all current openings listed on their website. (Allowing the employers to save a few steps and not have to complete a posting form for each vacancy when they already post to their website keeps you informed more readily of the current opportunities).

When conducting a job search using CCN, be aware that by selecting several search criteria, such as Degree, Area of Interest, FT/PT jobs, etc., you are narrowing your search. It is a good idea to conduct a focused search, but you may also want to try searching different criteria. To view all jobs posted, leave all the search fields blank.

**Q: What is an “Informational Posting”?**

**A: Employers may submit an “Informational Posting” instead of, and in addition to, a standard Posting.** An “Informational Posting” is being defined as **a posting that is designed to share information** about typical employment opportunities and educate students and alumni regarding the company when an opening is not currently available. Should an available opening arise, employers are then asked to submit separate **Postings**.

An “Informational Posting” uses the same Job Posting Entry Form employers use for posting available positions and will reference this at the top of the “**Job Description**” section.

**The idea behind this is explained below.**

**Employers** do not have to post positions in order to view resumes. They may view all resumes of students and alumni who have given employers access to them. Thus, employers are able to determine a possible candidate pool for anticipated openings and contact you directly before the positions are advertised. **However, Students and Alumni only have access to employers who have active Postings on *The Gate*.** Registered employers without active postings are invisible to you. Thus, you cannot “anticipate” openings with companies and prepare in advance for possible opportunities that may evolve. We have provided employers with a “work around” to using the Job Posting Entry Form for an “Informational Posting”. The language used and information provided in the “Informational Posting” should confirm to you that an actual position is not being posted.

**Q: What other tips/suggestions does the Career Center offer regarding job postings on *The Gate*?**

**A: The option to submit a resume** to a posted position **is only available when** the employer provides **an email address** in the **Contact section** of their posting. Doing so creates a “**submit**” **button** at the end of the posting that students and alumni may use to apply for the position. If an email is not provided, potential candidates are instructed to print the posting and should use the information provided in the **Contact section** and/or any additional “**Application Instructions**” provided when applying.

**Employers with Citadel Alumni on staff may** note within their posting the name(s) of Alumni, their graduation year, which company if in the Corps of Cadets, and how they may be contacted for questions/information. Watch for such references and take advantage of the opportunity to ask their advice.

**COVER LETTERS ON THE GATE:**

**Q: May I provide a Cover Letter along with my Resume when I apply for a position posted to *The Gate*?**

**A: If the posting you are applying to includes a “Submit” button at the bottom of the page**, you will have the option of pasting a Cover Letter into a supplied box. When you send it, a link to your resume on *The Gate* will automatically be included. **Please Note:** The cover letter cannot be formatted.

If a “Submit” button does not appear, but the employer provides an email address as a means to apply for the position, you may send a Cover Letter and you will need to attach your Resume. (In this case, you would be applying for the position outside of *The Gate* and through your own email account. However, be sure to note in the subject line of your email that you are applying for Job ID#\_\_\_\_\_ from The Citadel Career Center Gate; otherwise they may not understand how you came into contact with them.

It is important to refer to the job posting to see if an employer requests a cover letter. If a cover letter is not requested, it is still appropriate for you to include one.

Refer to [www.citadel.edu/career\\_services/CoverLetterSamples.htm](http://www.citadel.edu/career_services/CoverLetterSamples.htm) for cover letter information and samples. Develop a general cover letter and revise it for each specific position you apply for within *The Gate* and outside of the system. Save each of these versions for future reference, keeping copies on your hard drive, an external source, and hard copy. When copying and pasting your cover letter into the supplied box for *The Gate*, be sure that you have selected the correct version and have already proofread it for grammar, spelling, and content.

## THE CITADEL MENTORING NETWORK ON THE GATE:

### Q: What is The Citadel Mentoring Network and how may I take advantage of this resource?

**A:** In addition to serving as an online job board and resume database, *The Gate* is also home of **The Citadel Mentoring Network**. There are about 400 Citadel Alumni and Friends of The Citadel interested in serving as mentors to current students. As an Alumnus, you may join the network to serve as a Mentor and/or search the database through your account with *The Gate* to find a Mentor for yourself. Ask the mentor for his/her advice on your search, thoughts on going to graduate school immediately following The Citadel, or whatever it is you need some information on to help you make an informed decision about your next steps.

Review [www.citadel.edu/career\\_services/CCN/MentorNetwork.pdf](http://www.citadel.edu/career_services/CCN/MentorNetwork.pdf) for further information, including the additional password you need to access this portion of *The Gate* from your account.

## QUESTIONS ABOUT THE GATE:

### Q: After reviewing this FAQ and other associated materials, I still have some questions about *The Gate*. How may I get them answered?

**A:** Please email your questions to [CareerCenter@Citadel.edu](mailto:CareerCenter@Citadel.edu) and we will assist you.

## LIST OF EMPLOYERS REGISTERED WITH THE GATE (as of 6 March 2008):

### Q: Since alumni may only know about the employers who have active postings on *The Gate*, how may we find out about employers who use *The Gate* but do not have anything currently posted?

**A:** At least once a term, the Career Center will provide (below) a listing of the current employers registered to use *The Gate*, along with their websites (if the company provided it in their account), so that students and alumni may become familiar with them. It will also allow students and alumni to consider how the typical opportunities at a company may fit within their career plan. And should an employer on *The Gate* contact you after searching the resume database, you will be familiar with their organization.

When reviewing the list of employers currently registered with *The Gate*, please keep in mind the following information.

1. Some of the listed companies may represent their entire company through their corporate headquarters and post for all vacancies they may have. Other companies may seek candidates for a specific office or a regional area of their operation.
2. Compare the current postings in *The Gate* to this list to see which employers have submitted job postings. Apply, as instructed, to those of interest to you.
3. Do not rely on the job locations specified on the posting to direct your search. If you are interested in X Company and know they have an office in Charlotte, but their posting only indicates openings in Orlando, do some research on the main company website as well as contact the listed representative to inquire about the Charlotte area.
4. If you are interested in an employer that does not have a current opportunity posted, contact them directly by applying on their website.
5. As of 6 March 2008, 542 different employers are currently registered with *The Gate*. Please note that there are some repeated companies listed because they represent specific offices or even departments within the company.

## COMPANIES REGISTERED IN *THE GATE* AS OF 6 March 2008:
