World Class Court & Gym Finish

Combines world class protection with the rich golden tones of natural maple,

This superior oil-modified urethane finish is formulated to protect all types of hardwood sports floors including gym, aerobic, dance, and stage floors.

Today's multi-use sports floors with expensive graphics and complex court lines create new challenges for protective coatings. . . .Protection from run-and-gun basketball, street shoes, aerobic dancing, perspiration, folding chairs, and drink spills of everything from water to alcoholic beverages.

World Class Court & Gym Finish meets these challenges by providing deep-penetrating oil preservatives along with a high quality protective wear coating, World Class has been approved by the MFMA and is highly recommended for use on any multi-purpose sports floor,

CHARACTERISTICS

Hard surface
Polyurethane wear coating
Sward Hardness Rating 50

Fast drying
Tack free in 1 hour,
Can be walked on in 4 hours,
Recoated in 8 hours.
(varies with conditions)

Coverage
1st coat- Approximately 500 sq. ft, per gallon,

Leveling
Contains special flowing and leveling aids.

Abrasion Resistance
Exceeds MFMA Standards

Line Marking
Compatible with Line Marking
Paint

Formulation
Weight per gallon: 7.29 lbs,
Color: Gardner <_1 1
Solids: Polyurethane/Oil Resin 44%
Solvent; Petroleum Distillates 56%

DESCRIPTION

The choice of professionals, World Class is a clear, low ambering, hard surfaced, polyurethane coating. Its penetrating oil preserves the wood while it enhances the natural golden tones of maples and other hardwoods.

Manufactured with the purest oil resins available, World Class produces a crystal-clear, protective wear coating.

World Class is available in a mirror-like High Gloss Finish and works well on any hardwood sports floor, stage, or dance floor.

FEATURES

High solid content, with the perfect balance of polyurethane and long oil penta-alkyds for a strong, yet flexible wear coat.

Highly resistant to abrasion, scuffing, chipping, marring, and stains from colas, alcoholic beverages, and perspiration .

Standard three wear coat application provides 4.14 mils of protection.

Very low ambering.

Low viscosity for use with E-Z Way Applicators.

No special thinners or primers required.

Odor is not objectionable.
