Minor in Management Information Systems

Objectives:
A minor in management information systems provides an interdisciplinary opportunity for students to learn how to use computer technology to manage information as a competitive business or organizational asset.

Competencies, Knowledge, or Skills to be Achieved:
A student who completes the minor will have developed a basic competency in current distributed, database-driven information systems and techniques. The minor emphasizes fundamental programming skills, database skills, business management skills, and hands-on experience applying those skills to computer-related projects that support business operations and management decisions.

Structure of the Minor:

1. Required courses: (12 credit hours)
   CSCI 216 Introduction to Programming and Databases
   CSCI 217 Web Resources and Design
   CSCI 320 Database Design
   BADM 417 Management Information Systems

2. Electives (3 credit hours)
   BADM 317 Computer Applications in Business
   or BADM 427 Accounting Information Systems

Total Credit Hours Required — 15, at least 3 of which must be completed at The Citadel.
