

BIOGRAPHY

CAPTAIN KAYLAN K. LEE

Capt Kaylan K. Lee was an Operations Crew Commander at the 12th Space Warning Squadron, Thule Air Base, Greenland. Located 750 miles north of the Arctic Circle, the 12th Space Warning Squadron maintains and operates the Upgraded Early Warning Radar, which provides missile warning, missile defense, and space surveillance to ensure the safety and security of the United States and its allies.

Capt Lee began her career following graduation from Oklahoma State University in 2013. She has served on a variety of spacelift launches and positions, such as, Range Control Officer, Range Operations Commander, Instructor, and Evaluator. She has worked with an Upgraded Early Warning Radar as a Crew Commander, and held various additional duties within both squadrons as UFPM, PTL, Safety Officer, Dorm Manager, and Public Affairs Officer.
