The meeting followed the agenda at enclosure 1.

The Chair called on Chaplain Joel C. Harris for the invocation.

Mr. Mark C. Brandenburg, General Counsel, stated that the meeting was in compliance with the Freedom of Information Act in that notice had been posted 24 hours in advance in Bond Hall and local media sources were notified at the same time by fax means.

A quorum was present.

Chair Snyder called the meeting to order and briefly reflected on the accomplishments of the past year and commented that we were ahead of expectations. He noted the challenges of the Transformation Agenda that the Board will be undertaking this year and he thanked the Board and administration for all their dedicated effort to structure the college in the most advantageous position to accomplish its mission with the financial constraints it faced. He thanked the administration for the outstanding dinner in honor of departing member and past chairman, Colonel Jenkinson and congratulated him of his 18 years of exceptional service to the college.
He then called for the approval of the following minutes:

- 17 April 2010, motion to approve made by Colonel Burns and seconded by Colonel McQuilla. Corrections noted and motion approved unanimously.

- 3 May 2010, motion to approve made by Colonel Burns and seconded by Colonel Kastner. Corrections noted and motion approved unanimously.

Chair Snyder called on President Rosa for his report.

President Rosa stated his appreciation of the outstanding effort of the staff and faculty to ensure a highly successful year in view of the challenging financial constraints. He credited sound financial planning by the staff as the key component to maintaining the fiscal integrity of the college. He expressed his regret for having to execute a reduction in force to meet fiscal requirements. He noted that the strategic plan has been refined in accordance with the budget and a significant number of the year’s objectives were successfully accomplished. He stressed the need to ensure that all constituents get the word on what has been done and he stated his appreciation for the college’s marketing efforts, especially the use of the web to get the word out.

The transition to a new Commandant of Cadets was smoothly and professionally done and resulted in positive changes not only in the Commandant’s Office but within the Corps as well.

The “Town Hall” meetings held throughout the year were well received by the staff and faculty and ensured that everyone was fully informed on both fiscal and operational circumstances that were impacting them due to budget constraints.

In addressing the Corps of Cadets, he pointed out continued academic improvements in all classes and that class size had only minimally increased, 16/1 from 15/1 because of budget cuts. He emphasized that the institution is strong but that cadets, being young and in their formative years, are going to unfortunately make choices that reflect adversely on them and the college.
Consolidation of the college’s multiple fundraising arms is a major challenge and a Memorandum of Understanding is being developed to align all college entities within the strategic plan goals and objectives.
