The Citadel School of Business is proud to announce numerous students and faculty have been initiated into The Honor Society of Phi Kappa Phi, The Citadel Chapter (212). Phi Kappa Phi was established in 1897 at the University of Maine and The Citadel Chapter (212) was installed on May 8, 1979. The primary purposes of this organization are to promote the pursuit of excellence in all fields of higher education; to recognize outstanding achievement by students, faculty, and others through election to membership and through various awards for distinguished achievement; and to engage the community of scholars in service to others.

Those eligible for membership include undergraduate students in any department of The Citadel who have completed at least 24 semester hours or the equivalent at The Citadel, and who, in their junior year, rank academically in the upper 7.5 percent of the class, after completing at least two academic years or 72 semester hours or the equivalent, or who, in their senior year, rank academically in the upper 10 percent of the class after completing at least three academic years or 90 semester hours or the equivalent at the time of invitation. Graduate and professional students at this institution who demonstrate an outstanding record in graduate or professional study by ranking scholastically in the upper 10 percent of all graduate and professional students, have an outstanding record as evaluated by the chapter selection committee.

On Sunday, February 21, the following students and faculty members from The Citadel School of Business were initiated into The Citadel Chapter of Phi Kappa Phi (alphabetically):
