My name is Gary Campbell. I am from Golf and I am running for class president for the rising sophomore class of 2021. I am a business major and I currently have a 3.8 GPA.

Here are a few fun facts about me: Currently in close competition for the slowest knob walk. My RPED 1 mile walk time was 14 minutes. Just kidding around but I have done the following in my time here at The Citadel: 1) Ranger Challenge; 2) Intramural Basketball; 3) Kelly Cup; 4) Gold Stars

In all seriousness, I believe I have many things attributing to my foundation to be a strong leader for our class. I grew up in a small town which strengthened my ability to be social and how to get things done. Most importantly, I have grown up with my mother being a high-ranking official in our local government which gives me a sturdy background with politics.

Here are a few things I would like to change:
1) The tobacco policy specifically focusing on alternative sources i.e. e-cigarettes, juuls, and chewing tobacco.
2) Greater incentives for good grades and good PT scores i.e. PT/Parade Practice pass.
3) Coordinating with class treasurer for newer gym equipment.

Throughout my four years of high school, I was on student government and a class officer, and I also was an officer for multiple clubs. As president of the class of 2021, I would do my best to make sure everyone was included in the decisions that were made and listen to the opinions of the great people of the class of 2021.

I come south about 620 miles from Cincinnati, Ohio. I am a 4-year Navy Contract currently studying Mechanical Engineering. After a semester of hard work and dedication, I was fortunate enough to achieve a 3.79 GPA and work towards a 292 on the CPFT.

In high school, I was blessed with many opportunities to lead my peers. I served on my high school’s student government board and I was fortunate enough to lead both the cross-country team and track team as team captain. Over four years of growth and development in my high school, I learned a lot about leadership.

I learned that leading by example is better than leading through authoritative words. I will never be a “leader” who tells others to do a task that I cannot do myself. For example, I will never tell someone to get better grades or work harder in the gym, if fail to do either myself. I like to act as a quiet leader, letting my actions speak to others. I aspire to have others look at my leadership and my achievements and become motivated to better themselves. If granted the opportunity to lead you, I will not only be working to better your cadet experience, but I will also be learning a lot about how to become the best servant leader myself. I am here for you. I am here to represent the Class of 2021! I do not lead for attention or for personal gain; I lead because I gain satisfaction from seeing others succeed.

Hey y’all, my name is Grant Mays and it would be my honor to serve YOU as the 2021 class president. Many of y’all may know me as a good old fun loving country boy, which I’ll have to admit, I am. But, what you may not have realized is that I’m also an experienced leader that has held state level positions in various organizations such as beta club and student council throughout my life. I’m also an Eagle Scout and have been through NCBI diversity training, which I believe will enable me to better represent the diverse opinions and 2/15/2018 4:29 PM
interests of our class. As president, I promise to listen closely to your needs through an open-door policy for your suggestions and concerns so that I can push for positive change that will improve our community in all aspects. What do I mean by positive change? Changes like pushing for an improved CAS system, a common-sense tobacco policy that embraces e-cigarettes and smokeless tobacco, and also making sure cadets are getting their money’s worth in the quality of school services. With your help, I believe I can improve the school on behalf of our class and make a lasting impact for the betterment of everyone. So, remember when you’re deciding who you want as class president, “don’t be in a daze, vote for Mays”!

for this billet. From middle school to now, I have been immersed in leadership training and gaining experience because of the organizations and clubs I have been a part of. Some of which I had been selected to go to their academy's that only the top 1% of the organization go to. In almost every club I've been a part of I have held some sort of billet or, even the same position, and even higher. Part of the job is also realizing that it's a leadership position with decisions to make, not just some job that someone has. As your class Vice-President I will actively pursue what best for us- as your Vice President I will listen to you all and take in suggestions because it’s not what I want, it's what the class of 2021 want.
