

Cadet Leader Development Training (CLDT)

Mission. During CLDT, TACs and other college officials train and prepare cadre members in order to ensure they are collectively and individually ready to perform their Challenge Week mission.

Intent. Through performance oriented training and written tests, the battalion commander certifies and the BN TAC verifies that the cadre is prepared to accomplish its collective and individual Challenge Week mission.

Concept. Cadre members report seven days prior to Matriculation Day and are trained by TACs and other SMEs on a fixed POI that includes CTM-based leadership, roles and responsibilities for their duty position, and train-the-trainer certification for each block of instruction for which they are responsible. The battalion commander administers a “Cadre Rodeo” at the end of CLDT as a mission readiness exercise and recommends to the BN TAC approval of the battalion’s readiness to receive cadet recruits on Matriculation Day. The BN TAC verifies readiness based on the commander’s assessment.
