Important Notes

- ❖ **Enlisting in the South Carolina National Guard does not qualify you as a South Carolina resident.**
- ❖ **Members of the military permanently assigned in SC on active duty and their dependents qualify under an "exception" category. Military members and their dependents may be charged in-state tuition and fees without having to establish a permanent home in South Carolina.**
- ❖ **SC residents who are members of the military stationed outside of South Carolina and their dependents may receive in-state tuition and fees if they continue to claim South Carolina as their state of legal residency. SC residents who change their state of legal residence lose their SC resident status for tuition and fee purposes**

PART 2. Signature

I hereby certify that the information I have provided is accurate and that I am making this application in good faith based on a belief that I am eligible to pay tuition and fees at the rate afforded to legal residents of South Carolina.
