SPECIFIED ACADEMIC REQUIREMENTS

Ref: (a) NSTC M-1533.2F

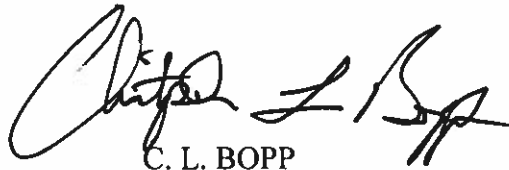

Encl: (1) English Courses
(2) World Culture and Regional Studies Courses
(3) American History/National Security Policy Courses

1. In accordance with reference (a) section 3-6, 3(a)(b)(c), the Professor of Naval Science (PNS) approves the courses identified in enclosures (1) through (3) to meet the other Naval Reserve Officers Training Corps specified academic requirements. The following should be applied when reviewing your student's degree completion plan:

a. English Courses: These courses, which total six semester-hours or equivalent, must concentrate on the areas of grammar and composition and require significant student writings.

b. World Culture and Regional Studies Courses: These courses must have a cultural emphasis on regions of interest to the Navy. Foreign language courses that do not provide instruction on culture are insufficient to meet this requirement. Participation in Project Go during summer may substitute for this requirement. Project Go would be noted on the Degree Completion Plan and initialed by advisor and midshipman to avoid later concerns with this academic requirement.

c. American History/National Security Policy Courses: These courses shall focus on U.S. military history, world military history, U.S. National Security policy, or combinations of these topics.
