

LARRY L. MELTON, JR. PRESIDENT, LMJ & ASSOCIATES LLC

SUMMARY

Larry L. Melton, Jr., is from Columbia, SC and currently resides in Northern Virginia. He graduated from The Citadel in 1984 with a Bachelor of Science in Civil Engineering and he also holds an MBA in Global Management. While attending the Citadel, he was a proud member of Echo Company and the Summerall Guards. Larry is also a decorated U.S. Marine Corps Officer who served in Desert Shield and Desert Storm. He gives back to his alma mater in many ways to include serving as the Chairman of the School of Engineering's Executive Advisory Board.

Larry, a certified Project Management Professional, has over 39 years of experience planning, implementing, and executing large-scale engineering and construction projects in both the public and private sector. He is currently the President and CEO of LMJ & Associates providing management consulting services to government agencies, transportation authorities and private clients. In that capacity, he serves as a senior advisor to Amtrak's executive management team as part of their \$66 billion capital development program. He is also the Vice Chairman of the Board of Directors for Dewberry Inc., which is a 2,200-person engineering, architecture and construction firm with more than 50 offices nationwide.

CAREER HIGHLIGHTS

Edmonton Valley Line Light Rail Project, Edmonton, Alberta. Design Build Project Director. During his 22-year career with the Bechtel Corporation, Larry was a Principal Vice President and known for his project planning skills and in-depth knowledge of the infrastructure industry. His leadership roles included being the Project Director for the Edmonton Valley Line Light Rail Project in Alberta, Canada. The \$1.8 billion project was a Public Private Partnership (P3) between the City of Edmonton and a global consortium, which included Bechtel Canada, Ellis Don, Bombardier and Fengage Capital.

Dulles Corridor Metrorail Project, Vienna Virginia. Project Executive Director. Mr. Melton was an integral part of the \$5 billion Dulles Project's senior management team for over 11 years from the start of Preliminary Engineering through Construction to the start of Revenue Service. Under his leadership, Phase 1 of the Dulles Project (\$2.06 billion) committed almost \$270 million to DC Metro area small and disadvantage businesses. He was directly responsible for the employment, development and safety of over 1800 project professionals. His project was recognized as an example of President Obama's vision for the recovery and rebuilding of America, which led to his selection by the White House to represent the US Construction industry in their commitment to hire 100,000 transitioning Veterans. He also received Bechtel's Project Management Excellence Award, which is the company's most prestigious global annual award.

United States Marine Corps, Camp Pendleton California. Larry held various leadership positions of increased responsibility while serving as an Officer in the U.S. Marine Corps. He led Marine units in extended deployments throughout Asia, the Middle East and South America. He distinguished himself by being the youngest Officer to serve as an Operations Officer responsible for planning and coordinating the operations of an 800-person Marine Combat Engineer Battalion. He was selected from a group of over 500 officers to serve as the Aide de Camp to the Commanding General of the 1st Marine Division during Desert Shield and Desert Storm and received commendations for acts of valor and bravery while in combat.

PERSONAL HIGHLIGHTS

Larry is a life member of Omega Psi Phi Fraternity, Inc and married to his lovely wife Jacqueline who is a retired Lieutenant Colonel from the U.S. Marine Corps and a life member of Alpha Kappa Alpha Sorority, Inc. They have three sons Jason, Jeremiah, and Jordan. Jason, a Clemson University graduate, works in the biomedical industry, Jeremiah is a computer science graduate of Washington University - St Louis, works for Freddie Mac, and Jordan is an aspiring graphic artist. In addition to his professional affiliations, Larry works extensively with non-profit organizations that provide support to veterans and children with disabilities.
