	E-Mail Address	Cconnoll@citadel.edu

SOLICITATION TITLE: IFB 27009-CC – Locks and Hardware

TYPE OF ADDENDUM:

- ☒ Change or clarification to the Solicitation’s specifications, requirements, or scope of work.
- ☒ Questions posed regarding the Solicitation and their respective answers by The Citadel.
- ☐ Other Change: see description below.

DESCRIPTION OF CHANGES:

1. The revised pricing schedule accompanying this addendum replaces the original pricing schedule. All offerors shall use the revised schedule when submitting prices.

QUESTIONS AND ANSWERS:

1. AWARD STRUCTURE AND LOTS

The solicitation includes both “Award by Lot” and “Award to One Offeror.” May vendors bid on a non-Medeco lot independently, and what are the lot boundaries?

Answer: Award will be made to one responsive and responsible offeror for the complete revised pricing schedule. “AWARD BY LOT (JAN 2006)” is deleted. “AWARD TO ONE OFFEROR (JAN 2006)” remains in effect. Offerors must price all remaining items.

2. MEDECO AUTHORIZATION AND OTHER MANUFACTURER QUALIFICATIONS

Does the bidder need to be an authorized Medeco distributor? Are separate authorizations for other manufacturers, references, insurance, bonds or a local office required? May a reseller rely on a distributor commitment?

Answer: The authorized Medeco distributor requirement remains in effect. As this solicitation will result in a single award, the reference to “Lot (1)” in Section 3.1.1 is deleted. No additional manufacturer authorization requirements are imposed beyond those specified in the solicitation. All other applicable bidder qualifications and requirements remain unchanged.

3. MEDECO CYLINDERS

Are the specified Medeco cylinders sub-assembled (S) or pinned (P)? Is keying required?

Answer: All Medeco cylinders shall be supplied sub-assembled. Keying is not required.

4. MEDECO RIM CYLINDER HOUSING

Housing Assembly item 4 lists 32-047H-26-CT-Y02. Should it be 32-0475H-26-CT-Y02?

Answer: The correct Medeco rim cylinder housing part number is 32-0475H-26-CTY02, as confirmed by Facilities.

5. MEDECO TAILPIECE

Is Medeco CT-Y01 a valid tailpiece, or should another part or cam be specified?

Answer: CT-Y01 is the correct specified tailpiece number and remains unchanged.

6. SCHLAGE SPRING CAGE

Is Schlage L283-40 correct, or should it be L283-040?

Answer: Correct the part number to L283-040.

7. SCHLAGE AL LOCKSET

The Schlage AL53PD-SAT series has been superseded by ALX. Is a six-pin cylinder required?

Answer: Yes. The Schlage entry lever lock specification is updated from AL53PD SAT 626 to ALX53PD SAT 626. The Saturn lever, satin chrome finish (626), and six-pin cylinder requirement remain applicable.

8. ARROW LOCKSET

Miscellaneous item 19 lists Arrow QL81-SB, but SB trim appears unavailable. Should SR be specified?

Answer: Arrow hardware is not required. Miscellaneous item 19 is deleted from the revised pricing schedule.

9. NORTON MOUNTING HARDWARE

For Norton 7500SN-689, are sex nuts only required for a 1¾-inch door, without bolts?

Answer: Bolts are not required. The existing Norton 7500SN-689 listing remains unchanged.

10. LCN CLOSER COMPONENT

Does LCN 4040-3077-TB identify a complete closer or an arm/component, and what configuration and finish are required?

The specified item is an LCN 4040 Series regular door closer arm assembly, not a complete door closer. The manufacturer identifies the regular arm assembly as part number 4040-3077.

11. SARGENT AND CORBIN RUSSWIN PART NUMBERS

Please reconcile Sargent 11U15OL26D / 11U150L26D and confirm whether Corbin Russwin DC6210 AL is required.

Answer: The correct Sargent T-Zone part number is 11U150L26D and shall be reflected in the revised pricing schedule. Corbin Russwin DC6210 AL is accurate, required, and remains unchanged.

12. UPDATED MANUFACTURER PARTS

May a current manufacturer replacement be quoted where a listed item is discontinued or superseded?

Answer: The Citadel will consider current manufacturer replacement parts that meet the specified requirements. Offerors proposing a replacement shall identify the manufacturer and part number and provide supporting product information demonstrating compliance with the specifications.

13. SCOPE, INSTALLATION AND KEYING

Does the solicitation include installation, keying or other onsite services?

Answer: This solicitation is for supply and delivery of hardware only. Facilities will perform installation. Medeco cylinders shall be provided sub-assembled; keying is not required.

14. RECEIVING AND DELIVERY

Where will goods be delivered? What are receiving hours, unloading, packaging and labeling requirements, and the delivery timeframe?

Answer: All hardware will be received at one designated Citadel location, identified on the purchase order. No specific delivery timeframe is required; orders will be placed as needed.

15. ANNUAL QUANTITIES AND RELEASES

Are the listed quantities estimates for the initial year? Are minimum order releases required?

Answer: The estimated annual quantities in the solicitation remain accurate. Hardware will be ordered on an as-needed basis; the estimates are not guaranteed purchases.

16. PRICES, FREIGHT AND PAYMENT

Are prices firm for the initial year? Which renewal/adjustment terms control? Are deliveries FOB destination with freight included? What payment terms and purchasing-card rules apply?

Answer: Offerors shall refer to the applicable pricing, contract renewal, delivery, payment, and purchasing-card provisions contained in the solicitation. These requirements remain unchanged.

17. VENDOR REGISTRATION AND FORM I-312

Is a South Carolina state vendor number required before submitting an offer? What is required for Form I-312 for tangible-goods-only offers by nonresident bidders?

Answer: Yes. A South Carolina state vendor number is required to submit an offer, as stated in Section II.A of the solicitation.

Regarding Form I-312, offerors should refer to the Important Tax Notice – Nonresidents Only in Appendix A. The notice identifies an exception to South Carolina's nonresident withholding requirements for purchases of tangible personal property that do not include services performed in South Carolina. All other applicable solicitation requirements remain unchanged.

18. BID SUBMISSION REQUIREMENT

Confirm bid deadline and time zone, question cutoff, paper/USB copies, sealed delivery address, redacted copies and courier instructions.

Answer: The deadline for submitting questions was October 16, 2026, at 2:00 PM Eastern Time. The revised bid submission deadline is established in Addendum No. 1. All other submission requirements, including the required paper and electronic copies, delivery address, and submission instructions, remain unchanged as stated in the solicitation.

IMPORTANT NOTICE:

Except as provided herein, all terms and conditions of the Solicitation referenced above remain unchanged and in full force and effect.

REVISED PRICING SCHEDULE

Attachment to Addendum No. 2 • October 28, 2026

This revised pricing schedule supersedes the original pricing schedule. Offerors shall provide unit prices and extensions for every listed item. Quantities are estimated annual quantities and are not guaranteed purchases. Award will be made to one offeror for the complete revised schedule.
