Candidate for President – Sean Paul Costello

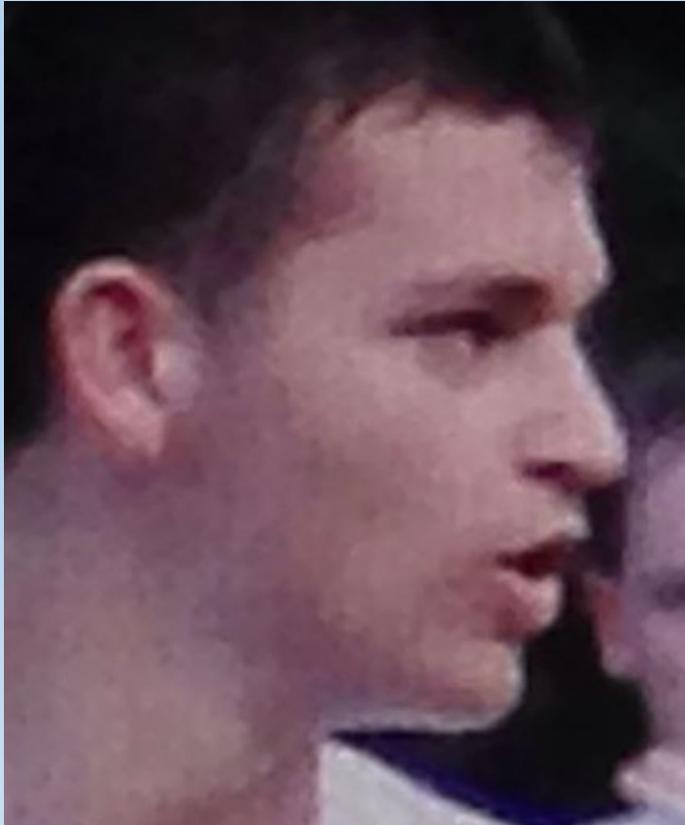

My name is Sean Paul Costello I was born and raised in Bethlehem, Pennsylvania. I am a proud member of Army ROTC and a student in our accredited business school. I currently hold the position of Victor Company's Human Affairs Corporal and wish to stay in HA until my senior year. I want to display positive change for the next 2 years for our class by working diligently with the regimental commander for the next two years and Jenkins Hall to ensure that the class of 2022's voice is heard. I am a well-rounded candidate in terms of grades, PT, reputation, and ability to market our class to the world in a positive light.

Candidate for President – Hunter Smith

Hello Class of '22 I am your classmate from VICTOR. I am running for class president and before I get into my platform, let me tell you a little bit about myself first. My name is Hunter Smith I'm from the small town of Conway, South Carolina and a native of the state. My major is Chemistry pre-med. I enjoy many hobbies like duck hunting, fishing, and playing guitar. I strive to run for president because I want to bring prosperity to our class and restore many of the things taken from this class, one thing I would like to actually get pockets in our pants and will not take another 0200 ever again. I would like to bring the panini press back in the mess hall and I would like to have a midnight breakfast in each battalion for finals week. I want to actually put something on the TV's in the mess hall instead of those same slideshows. I would like to have formals and push for girl cadets to wear a dress of their choice. If and when I am president and any of my classmates have any suggestion and I would closely work with them and push for any suggestions and if any of my classmates need to talk about anything my door is always open. I will be a president for the people and I will be a president who cares!

Candidate for President – David Hardcastle

“Two words. Panini Press. Do you want antics as well as delicious sandwiches? You will see the continuation of my presidential reign. When I am victorious anyone who voted for me will receive a cookie. Furthermore don’t you want someone who will represent the good, bad, handsome, and the ugly? I have plenty of all four. My presidential addresses are consistent and WE WILL HAVE A HOP before graduation and dresses will be included. I won’t tell you about my experience or aspirations, because I know nobody cares. Introduce a little anarchy. My social media and presidential platforms are as follows. I David “The bean” Hardcastle will be your eternal president.

Candidate for President – Tyrell Earl

My name is Tyrell Earl, most of the Corps knows me as Big Earl and I would love to be your class president. A little bit about myself is that I'm from Detroit Michigan but was raised by my southern grandparents. I love building cars and riding motorcycles but will go bass fishing in a heartbeat. I'm looking to give the members of the class of 2022 the ability to be heard. As president, I'm ready to listen to the problems that we face as cadets and be an advocate for change. I won't make huge promises that I can't back up but I do promise to be transparent and honest. A cadet's voice is meant to be heard and as president I will make sure that happens.

Candidate for Vice President – Logan Murray

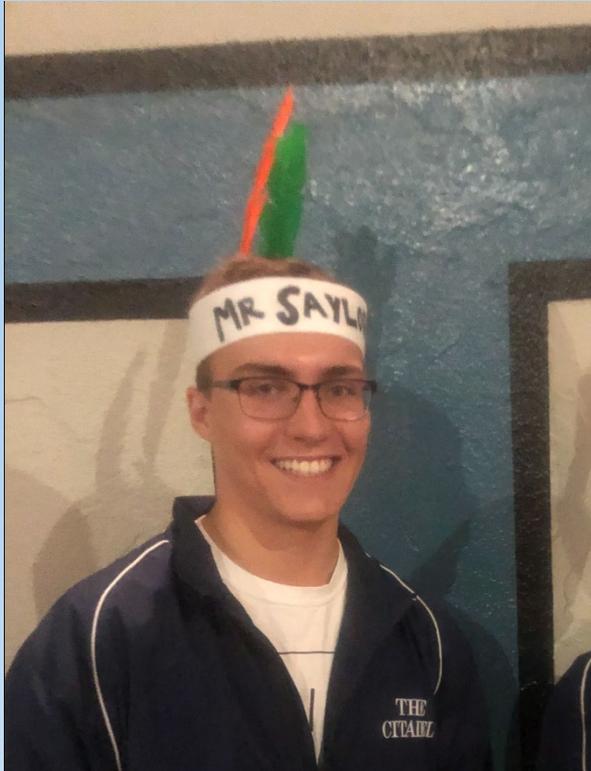

Hello, I am cadet Logan Murray and I am running to be your Student Government Association Vice President. I would like to address some of the issues that I believe should be dealt with. I intend to see what I can do about some of the constant complaints with the Mess Hall. Certain days out of the year the Mess hall makes special meals that are better than what is normally served, and I will investigate if we could implement food similar to what is served on Fat Tuesday.

I will also focus on some of the issues pertaining to the Blue Book. Some of the punishments do not seem fair to a certain extent. I will find out if there can actually be changes because it seems a lot of people are sitting punishments for the smallest things. The goal I am aiming for is to see if I can help solve some of the issues that I believe could potentially boost morale.
