EDUCATION

Neuro-radiology Department of Radiology and Otolaryngology Medical University of South Carolina	2009-2011	Post-Doctoral Fellowship
Neurology, Multiple Sclerosis Department of Neurology Medical University of South Carolina	2002-2008	Fellowship
Spartan Health Sciences University Santa Teresa, New Mexico	1998	MD
North Middlesex Hospital University College London, London, United Kingdom	1997-1998	Clinical
Spartan Health Sciences University Santa Teresa, New Mexico	1996-1997	Medical Basic Science
Kings College London School of Medicine & Dentistry London, United Kingdom	1993-1996	MBBS I
The Latymer Grammar School London, United Kingdom	1986-1993	13 GCSE'S 3 "A" Levels

PROFESSIONAL EXPERIENCE

The Citadel, Assistant Professor, 2015- Present
Responsibilities: Teach undergraduate and graduate courses in department, college-wide and departmental committees, and student advisor

SealCath, Mount Pleasant, SC, Consultant and Medical Liaison, 2017 – Current
Responsibilities: education and promotion of pediatric intussusception surgical device

Department of Neurosurgery, Medical University of South Carolina, Charleston, SC, Consultant and Co-researcher, 2017-Current

Responsibilities: collaborator and adviser in glioblastoma research team, Neuro-Oncology.

Mamiharas Applications, Mount Pleasant, SC, Founder and Managing Director, 2017-Current

Responsibilities: Designed an application, a pre-health advising tool.

The Citadel, Adjunct Faculty, 2010 - 2015

Responsibilities: Teach undergraduate and graduate courses in department

Department of Radiology and Otolaryngology, Medical University of South Carolina, Charleston, SC, Postdoctoral fellow, 2009-2011

Responsibilities: Clinical neuro-radiology.

Department of Neurology, Medical University of South Carolina, Charleston, SC, Fellow, 2002-2008

Responsibilities: Neurology and Multiple Sclerosis training. Basic and translational research completed.

HONORS AND AWARDS

The Algernon Sydney Sullivan Award, 2019. Award presented to faculty of selected colleges and universities in the Southern United States for excellence of character and service to humanity.

2nd Place Resident/Fellow Research Award, 2005, Medical University of South Carolina, Charleston, SC

Junior Investigators Award, 2005, American Academy of Neurology

Plenary Session Selection, 2004, American Academy of Neurology. "Calpain Activity and Expression Varies with Severity of Disease in Multiple Sclerosis"

TEACHING

Faculty Advisor – The Citadel Healthcare Study Abroad Program, 2018 - Current
6 credit hour teaching, which includes 80 + hours of shadowing

Undergraduate Classes:

EXSC 319 Exercise physiology

EXSC 320 Exercise physiology II

EXSC 317 Medical Terminology

HLED 410 Consumer Health

LDRS 411 Senior Leadership Seminar – Health

EXSC 411 01 Dev. of Health Professions Pro -

EXSC 411 02 ST: Independent Study in Health

EXSC 411 Pre-Health Development

PHED 406 Directed Field Experience

BIOL 412 Health Professional Training

RPED 250 Contemporary Health Foundations

RPED 251 Foundations of Fitness
Graduate Classes:
HESS 546 Environmental Physiology
HESS 506 Exercise Physiology
HESS 545 Nutrition
HESS 543 Consumer Health
HESS 542 Practicum in HESS
HESS 511 Pre-Health Development
HESS 542 Health Professional Training

MENTORING OF STUDENTS

2019

Jesse Hardee: Single Agent Efficacy of the HDAC inhibitor DATS in Preclinical Models of Glioblastoma. Exercise Science undergraduate student

Taylor Baucom, Tuberculosis in the United States; how cofactors can affect the incidence. Exercise Science undergraduate student

Evan Buddendorf, Regional Meta-Analysis Comparison of Cancer- Causing Unhealthy Behaviors in U.S Populations and Climate Classification. Biology undergraduate student

Charlie Coste, The Effects of Military Training on Memory and Spatial Orientation. Exercise Science undergraduate student

Gillian Druzisky A Study on the Relationship between Celiac Disease and Woman Infertility. Chemistry undergraduate student

Sarah E. Dobrich, Does pollution have a high impact on the rate of Respiratory Cancers, in comparison to tobacco use? Exercise Science undergraduate student

Bryan Santana, Drug Abuse Incidents and Deaths In South Carolina

Clayton M. Kuhn, A comparison study of national park accessibility and cardiovascular disease and cancer death rates, Exercise Science undergraduate student

Cardan L. Williams, Did the Tuskegee syphilis experiment in black males from 1932 to 1972 in Macon county, Alabama, have an effect in the number affected by syphilis today? Exercise Science undergraduate student

Ashley M. Jackson, A comparison study of the rate of infant death among African American women and White women in South Carolina and USA, Exercise Science undergraduate student

Ralph E. Herzler, Prevalence in Psychosocial Distress in Cancer Patients and Survivors, Exercise Science undergraduate student

Denzel R. Wright and Charley J. Conley, A Comparison Of The Variety Of Vehicular Fatalities And Correlating Population Growth In Charleston County, South Carolina, Exercise Science undergraduate students

Phillip Martin, A comparison of the role of Physical Therapy between Lithuania and the United States, Exercise Science undergraduate student

Kameron Cass, The comparison of STD's between 2007-2014 South Carolina and Alabama, Exercise Science undergraduate student

Stephon Eugene, A comparison study of the cancer prevalence rate in South Carolina, the South and USA, Exercise Science undergraduate student

2018

Thomas A. Taylor, The effect of different fine arts classes upon student's visual spatial perception and memory, Exercise Science undergraduate student

James L. Hardee III, An Investigation into the Relationship Between Diabetes and Obesity in South Carolina, as Compared to the Nation, Exercise Science undergraduate student

2017

James F. Greer, Does taking a Fine Arts class improve student's visual spatial perception and memory? Biology undergraduate student

James L. Hardee III, Does pre-natal care in diabetic South Carolina mothers have an impact on birthweight and how does this compare to entire USA? Exercise Science undergraduate student

A comparison study of the incidence rate of respiratory cancers in South Carolina, the South and USA
Angel D. Peralta, Psychology undergraduate student

Hunter Carter, EEG brainwave activity's relationship with music tempo, Exercise Science undergraduate student

2016

Larry G. Kalangie, Does morning physical training affect students' academic performance? Psychology undergraduate student

GRANTS

- The Citadel Provost Funding – 2016. \$2800 travel award. The Teaching Professor Conference, Washington D.C. Professional development.
- Atlantis PreHealth Advisor Fellowship Award, Madrid, Spain. June 2016. Trip to Madrid, hosted by Atlantis Project for advisors.
- New Advisor Award – National Association of Advisors for the Health Professions (NAAHP) conference in Minneapolis, Minnesota. Awarded by The Southeastern Association of Advisors for the Health Professions (SAAHP) June 2016. "The special requirements needed for planning for an advanced degree and a career in the health professions, from a four-year Military College,"
- Atlantis PreHealth Advisor Fellowship Award, Lisbon, Portugal. Jan 2019. Trip to Lisbon, hosted by Atlantis Project for advisors
- Travel Award - The Southeastern Association of Advisors for the Health Professions (SAAHP) 2019, Conference, Memphis, TN.

The Citadel Foundation Research Grants

- Primary investigator, Imam, S.A. To determine family history of diabetes is associated with aberrant glucose levels and high blood pressure in young healthy adult. \$2600.00. Funding period 2018-2019
- Primary investigator, Imam, S.A. Investigating the Effect of Music Tempo on Brainwave Activity in Young Adults. \$ 3956.89. Funding period 2017-2018

- Primary investigator, Imam, S.A. Does Visual-Spatial-Perception training have an impact on gameplay in basketball players. \$2771.60. Funding period 2016-2017

The Citadel Foundation Presentation/Development Grants

- Southern Association of Advisors for the Health Professions Conference, Memphis, TN. June 2019 \$1933.19. Funding period: 2019
- National Association of Advisors for the Health Professions Conference, Washington D.C., 2018 June 2018 \$2000 Funding period: 2016
- Society for Neuroscience, Washington D.C., 2017 \$2000 Funding period: 2017
- National Association of Advisors for the Health Professions Conference, Minneapolis, MN. June 2016 \$2000 Funding period: 2016

PROFESSIONAL DEVELOPMENT

- 2019 Council on Undergraduate Research Training. Beginning a Research Program in the Natural Sciences at a Predominantly Undergraduate Institution Institute, Stetson University, Deland, FL.
- 2019 Southern Association of Advisors for the Health Professions Conference, Memphis, TN. Prehealth advisor training.
- 2019 The Teaching, Learning and Technology Conference, Charleston, SC. Workshops in technology in the classroom.
- 2018 National Association of Advisors for the Health Professions Conference, Washington D.C., Prehealth advisor training
- 2018 Summit For Global Healthcare Exchange, The Italian Embassy, Washington, DC
- 2018 Service Learning and Civic Engagement (SLCE) fellowship
- 2017 Visual Perception and the Brain, EdX, Duke University
- 2017 The Science of Happiness, EdX, University of California, Berkeley
- 2017 Society for Neuroscience, Washington D.C., EEG Workshop
- 2017 Southern Association of Advisors for the Health Professions Conference, Charleston, SC. Prehealth advisor training.
- 2017 23rd Annual Diabetes Fall Symposium, North Charleston, SC. Workshops attended.
- 2016 Introduction to Actuarial Science, EdX, Australian National University
- 2016 The Teaching Professor Conference, Washington D.C. Workshops on teaching techniques.

- 2016 National Association of Advisors for the Health Professions Conference, Minneapolis, MN. Prehealth advisor training.

SERVICE

SERVICE TO SCHOOL

- Advisor for the Citadel Health Careers Society, CHCS, The Citadel, Charleston, SC, 2017-present
Responsibilities: I started this club in 2017 and I Serve as an advisor to undergraduate and graduate students who wish to pursue a career in the health professions. The Citadel Health Careers Society (CHCS) is an adjunct to the Pre-health Society. The mission of this society is to be a portal for students to gain the competencies needed. The activities we have had through the society are mentioned below. This was an easier way to manage all the activities rather than me see the students 1:1 which was becoming increasingly difficult
- Kaplan Institute –Established a contract with Kaplan, which allows students to receive up to 50% discount for a Kaplan Prep course. Students that receive financial aid / scholarship can use these funds for the prep course.
- Designed a Prehealth Post-baccalaureate Program, for both career change and grade enhancer students.
- Nursing Board of Advisors, The Citadel, Charleston, SC. 2015 – Current. Responsibilities: On board throughout accreditation process. Assisted with curriculum and acceptance protocols.
- Faculty Research and Development Committee for the School of Science and Mathematics, The Citadel, Charleston, SC 2017-Current Responsibilities: Manage all presentation and research grant applications for the academic year for faculty of the School of Science and Mathematics
- Pre-health Professions Committee member, 2016- Current. Responsibilities: letter writing committee for recommendations for pre-health graduate program applications
- Faculty chair for Service Learning and Civic Engagement (SLCE) Panels – “Community Engagement as a Path to Career Success”.
- Chair - Administrative Assistant Search Committee, The Citadel, Charleston, SC 2019
Responsibilities: Led the search committee, and hired a new Administrative Assistant for The Department of Health and Human Performance Completed May 2019
- Faculty Search Committee, The Department of Health and Human Performance, The Citadel, Charleston, SC, 2019- Responsibilities: A committee appointed to interview and hire a new faculty member.
- Search Committee for Chair of Nursing, The Department of Nursing, The Citadel, Charleston, SC, 2016-2017. Responsibilities: A committee appointed to interview and hire a new Chair of Nursing.
- Faculty Search Committee, The Department of Nursing, The Citadel, Charleston, SC, 2017
Responsibilities: A committee appointed to interview and hire a new Nursing faculty member.
- Founder member of STEM Education Research Group (SERG).2015 – Current. Responsibilities: we organize and collaborate on new research ideas. Founded by all new faculty in 2015. In charge of communications
- Presented a Citadel Academy for the Scholarship of Teaching, Learning, and Evaluation (CASTLE) meeting on “The Flipped Classroom” and how to teach creatively

- Guest lecturer, Honors Program, "Neurofeedback"
- Guest lecturer, "The Vaccine Story" Department of Chemistry, FSEM 101- Science, Weird Science and Pseudoscience
- Graduate Curriculum Committee), The Citadel, Charleston, SC 2015- 2017 Responsibilities: Discuss and address graduate student issues at The Citadel
- Facilitator for Darkness to Light (D2L), 2016. Trained over 400+ students.
- Judge for The Citadel Research Day, 2016 - Current
- Judge for Public Speaking Competition Round 1 2018
- Judge for Public Speaking Competition Round 2 2018
- Judge for The Citadel Talent Show 2018
- The Citadel STEAM camp, June 2019 Responsibilities: Design and teach health related modules
- Judge for Public Speaking Competition Round 1 2017
- Judge for Public Speaking Competition Round 2 2017
- Judge for The Citadel Talent Show 2017
- The Citadel STEAM camp, June 2017 Responsibilities: Design and teach health related modules

SERVICE TO STUDENTS

- Faculty Advisor for The Healthcare Study Abroad Program. Now a nationally recognized program by The AAMC. Students that receive financial aid / scholarship can use these funds for the program, allowing greater access for those that might not be able to afford such a program. Cultural competency is a much sought after competency that few students can demonstrate in their applications. The Citadel has The Healthcare Study Abroad program, which serves exactly this purpose, as well as shadowing hours. The students gain information on global health, gain 80 + hours (realistically close to 100) of documented shadowing in different specializations, and 6 credit hours.
- Low Country Food Bank volunteering for students
- Manage volunteering to The Medical University of South Carolina (MUSC). We have an established relationship now with the main MUSC volunteer's hospital. CHCS has a representative come to a meeting and explain the requirements and how to begin apply, which is only possible when their application portal is open. In academic year 2018-2019 we had 70 + students volunteer with a 1 year / 100 hour contract. PTCAS hours are being gained and The Citadel has 2 committed spots out of 16, however Spring 2019, we had 5 students
- Established relationship with the MUSC CARES clinic, student run free clinic is Mount Pleasant. Group orientation for all at The Citadel. Students gain shadowing and volunteering hours.
- Manage volunteering to the Shifa Free Clinic, Mount Pleasant, SC. The Shifa clinic has agreed to allow up to 10 students per week to volunteer / shadow there. This clinic serves the uninsured and has a free dental clinic, diabetes clinic, pediatric, dermatology, ob/gy and internal medicine practice
- Trips: Dental Day, Medical School, Allied Health Professions.
- The Shawn Jenkins Children's Hospital Radiothon – students raise funds for the new pediatric hospital
- 2019 - Academic advisor to 37 students, Unofficial advising for health careers –total number of advisees are 110
- Organized Emergency Medical Technician (EMT) Certification program at The Citadel, 2018- Current

- Workshops via CHCS. Annual workshops for Prehealth students in: Timelines, Personal Narrative, Interviews
- EXSC -411. A new course designed for Professional Development for the Health Professions
- 2017 - Awarded Kaplan courses in DAT, MCAT and GRE (live-online) 2018, one MCAT and 2019, two MCAT.

SERVICE TO COMMUNITY

- Member of The Charleston Random Acts of Kindness Group.
- MentorNet, 2015-Current Responsibilities: Advising students that might not have access to a Prehealth advisor.
- Member of the MUSC Women's Group and on the Executive Board.
- I'm on the Scholarship Committee of the MUWC and we choose 11 scholarship winners out of over 120 students that apply from all 6 colleges at MUSC
- Volunteer at United Trident Way, Day of Giving 2015, 2016, 2017, 2018
- Volunteer at The Shifa Clinic, the free medical clinic in Mount Pleasant.

MEMBERSHIPS

1. Southern Association of Advisors for the Health Professions SAAHP – Elected Board Member
2. National Association of Advisors for The Health Professions NAAHP
3. Committee of Diversity & Inclusionment - National Association of Advisors for The Health Professions NAAHP CDI
4. The National Academic Advising Association NACADA
5. Association of Experiential Education AEE
6. Consortium of Universities for Global Health (CUGH)
7. Southern Medical Association
8. Medical University of South Carolina Women's Club
9. Society of Health and Physical Educators SHAPE (2014-2016)
10. American Academy of Neurology AAN (2001 – 2007)

EXTRA

- South Carolina Realtors License, May 2005
- Certified cake chef, May 2003
