

### **Returning Cadets:**

1. Please complete the **Readmission Medical Certification** and **Physician Certification** form (see attached). The first part of the form requires your signature. Please explain any illnesses or injuries you experienced while away from The Citadel. The second part is at the bottom of the form. Your physician (MD or DO) must measure your current height and weight and sign the form.
2. Even though we keep your original history and physical (H&P) forms on file, we will need an updated **Medical Emergency** and proof of **Medical Insurance**. The top portion of the Medical Emergency form is self-explanatory and must be signed by your parent or guardian. The bottom portion must be signed by your medical insurance policy holder (usually a parent). The Citadel requires all cadets to be covered by supplemental health insurance (either a family policy or individual student policy) in the event of illnesses or injuries requiring treatment off campus. Information about student health insurance and other medical topics of interest is available on The Citadel website ([www.citadel.edu/infirmary](http://www.citadel.edu/infirmary) ).
3. If you suffered a serious illness or injury while away from The Citadel, we will also need an **interim summary**, written by your doctor, which describes your diagnosis, treatment, and anticipated medical status at the time of your return. Interim summaries must be received as soon as possible because we cannot approve your medical clearance until we receive them. Your treating physician(s) can fax the information to us at (843) 953-5283, Attn: Brenda Pelham, or by email at [bpelham@citadel.edu](mailto:bpelham@citadel.edu).
4. If you received a **Medical Discharge** from The Citadel, please comply with all Campus Assessment Team (CAT) recommendations before submitting your application for readmission. Refer to the letter that you received from the CAT which detailed those requirements.
5. If you have any questions about medical standards for readmission, medical forms, Infirmary services, emergency treatment, etc., please call (800) 868-1842, Ext. 4827, or (843) 953-4827, between 7:30 am and 4:00 pm, Monday through Friday. Alternatively, you can email the Infirmary administrative assistant at: [bpelham@citadel.edu](mailto:bpelham@citadel.edu). Once again, the Infirmary fax number is (843) 953-5283.
