

Student Excellence Day Poster Details 2019

If you are receiving this email, your poster has been selected for presentation during the annual Student Excellence Day. This event will be held in the morning from 7:30 am to 12:15 pm on Friday, April 5th in the Deas Hall Gymnasium.

You will be assigned a poster number, which can be found below and will be posted at the door of the event on April 5th. To prepare your poster, please read the directions carefully below.

Things to be aware of as you prepare your poster is that the size of the poster should be 36 inches (height) x 48 inches (long) (see below for example).

In addition, there should be no excessive use of color, i.e. using a background color. Work with your faculty advisor to design your poster and then send it as a PDF attachment to the following address: reference@citadel.edu and put "poster printing" in the subject line. You can do this as soon as today, but no later than April 3rd.
